

# **Prediabetes Poster Project**

## **Are You At Risk For Prediabetes?**

This *Community Diabetes Awareness* Project is a collaboration with the Wisconsin Lions Foundation, Inc. (WLF) and the Wisconsin Diabetes Prevention and Control Program (DPCP). This Wisconsin partnership project is a “*must do*” for Lion and Lioness clubs who are looking for a project that can be easily and quickly completed.

**So what is the Prediabetes Poster Project?** Clubs are being asked to simply post Prediabetes posters throughout their communities. The poster is a bright colored question to see if people are at risk for prediabetes. If your club has media resources we have provided information for your club, as well.

### **Project Details with Step by Step Instructions for Clubs**

**Step 1:** Identify areas in your community to post the information.

**Step 2:** Place an order for posters from the WLF Office.

**Step 3:** Arrange with your club to distribute posters and post the information in local community boards in businesses organizations in your community.

**To Order** – All posters can be ordered from the Wisconsin Lions Foundation Office 877-463-6953, LShelley@wlf.info, or fill out the form below.
